acne | pigmentation | sensitivity | dryness

### PATIENT CONCERN

My skin is oily sensitive but nowadays feel super dry and started peeling off and burning nose i have frackles nose and chick around acne on head suggests me product they fade my frackles acne and repair my skin

### RECOMMENDED PRODUCTS

**Oats Care Gentle Cleanser for Sensitive & Dry Skin**
**₹349**
Your sensitive and dry skin requires a gentle cleanser that won't strip moisture or irritate. The Oats Care Gentle Cleanser is formulated specifically for sensitive skin, providing soothing benefits with ingredients like oats that help maintain the skin's natural barrier. This ensures your skin remains hydrated and calm, reducing sensitivity and dryness over time.

### Masoor Glow Brightening Serum with Vitamin C for Dull & Uneven Skin

**₹449**

To address pigmentation and enhance skin brightness, the Masoor Glow Brightening Serum with Vitamin C is ideal. Vitamin C is a potent antioxidant that helps fade freckles and even out skin tone by inhibiting melanin production. This serum is suitable for your dry skin and will work to improve clarity and brightness without causing irritation.

### Oats Care Soothing Moisturizer for Dry & Sensitive Skin

**₹399**

The Oats Care Soothing Moisturizer is perfect for your dry and sensitive skin, providing deep hydration and soothing irritation. It supports the skin barrier with ceramides, ensuring your skin remains comfortable and protected. This will help repair the barrier and alleviate dryness, promoting healthier skin.

### Oats Care Gentle Sunscreen SPF 50 PA+++ for Sensitive & Dry Skin

**₹419**

For essential sun protection, the Oats Care Gentle Sunscreen SPF 50 PA+++ is designed for sensitive and dry skin. It offers broad-spectrum protection without causing irritation, which is crucial for preventing further pigmentation and maintaining skin health. Its gentle formula ensures daily comfort and protection against UV damage.
